

# CRS HEAVY-DUTY FLOORING

Cumberland Rubber Supply manages to excel where so many others failed. We offer the most durable utility flooring products for any high impact flooring environments. Cumberland Rubber Supply Utility flooring is made to withstand a beating. You will also find CRS Heavy-Duty label on all our flooring products. We employ highly durable resistant rubber for flooring by using the same vulcanization method like automotive tire production. Ultimately, our tested flooring products fulfill your flooring needs perfectly, and you will never find any need to replace them.

## AMERICAN MADE PRODUCTS

Our mats have been the ideal solutions for CrossFit gyms, locker rooms, ice rinks, NFL facilities, home gyms, stalls, walkways, trailers and even livestock bedding. We have mats in various sizes, and each is designed to fit a particular scenario perfectly.

CRS HEAVY-DUTY

*American made and built to last.*
